ACE Response

Points	A	C	E
1	The question is restated in the answer, and the answer is clearly expressed	The citation clearly supports the answer flowing naturally into the material and is completed MLA format	The explanation is thorough and accurate; sentences are complex, conclusion restates the answer using different language
0	The question is not restated in the answer, and the answer is not clearly expressed	The citation doesn't support the answer; no natural flow into the material; MLA format not appropriate.	The explanation is not thorough and accurate; sentences are not complex, conclusion is not restated or uses different language.

Question: How can DNA's structure affect mutations or the development of neurodegenerative diseases?
